

Dear RCS Middle-School and High-School Families,

Thank you for your support as we continue to help provide families with important information in choosing their learning pathway for the upcoming school year. We are continuing to see a strong interest in the RCS Virtual Campus.

After reviewing the requests for students enrolled in the RCS Virtual Campus, we are pleased to announce we are expanding our course catalog to include more options taught by RCS educators.

See these additions to the RCS Virtual Campus:

Added: **French 1** is now available for both middle- and high-school students.

Added: **German 1** is now available for both middle- and high-school students.

Added: **More Advanced Placement** courses, taught by current RCS teachers, will be included in the Virtual Campus course catalog in response to student and staff interest.

New: Middle-school students are now allowed to **waive the physical education/health requirement** if they choose a full year of music and a full year of a world language. (This is consistent with in-person requirements.)

We understand that this update may impact your decision about whether to enroll in the RCS Virtual Campus or to change your course requests.

Please note that the window for changing your enrollment preference closes at midnight **TONIGHT--Friday, August 7.** To change your enrollment, please email RCSVirtual@rochester.k12.mi.us. If you have submitted a

course request already, and would like to have it modified based on the information above, please send an email to the specific counselor for your school listed below.

Please remember that students enrolled in the RCS Virtual Campus, have until the end of the day TODAY-- Friday, August 7, to make their course selections.

Elementary students will be enrolled automatically in their appropriate grade level.
